

## SIMPLE CALCULATOR LAB

### 1 . Add

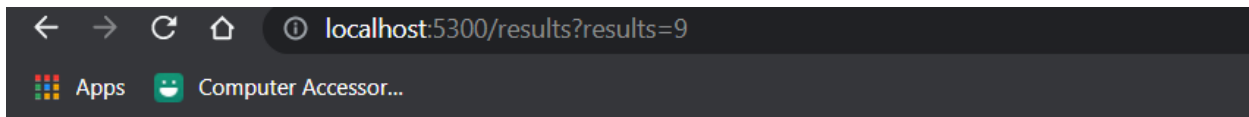

Simple Calculator

Number 1

Number 2

Operation

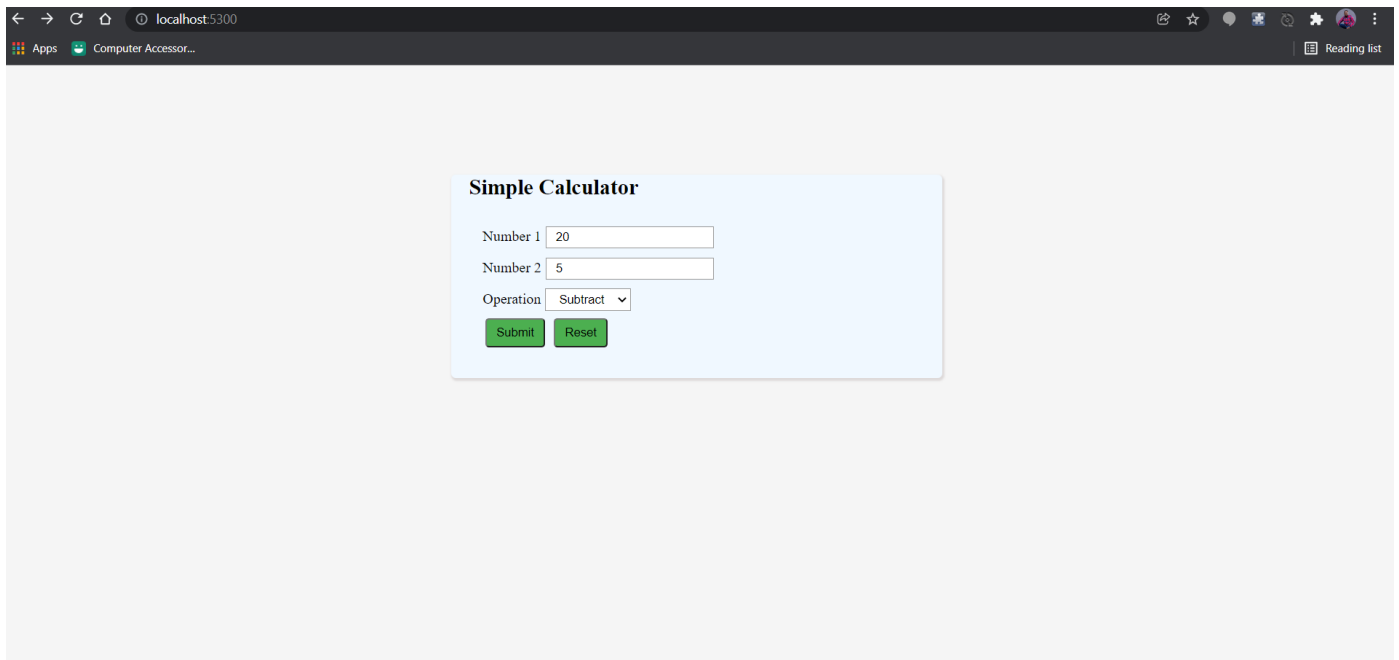

localhost:5300/results?results=9

Apps Computer Accessor...

The answer is: 9

## 2. Subtract

Simple Calculator

Number 1

Number 2

Operation

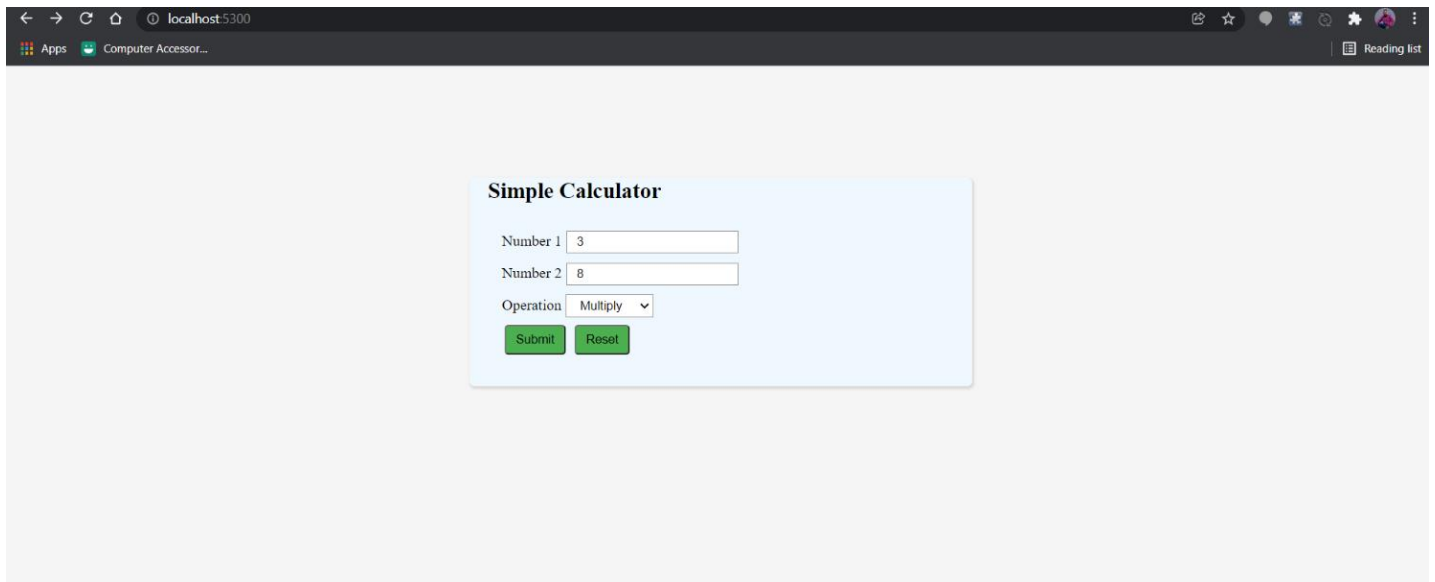

localhost:5300/results?results=15

Computer Accessor...

The answer is: 15

### 3. Multiply

A screenshot of a web browser window displaying a 'Simple Calculator' form. The browser's address bar shows 'localhost:5300'. The form is centered on a light gray background and contains the following elements:

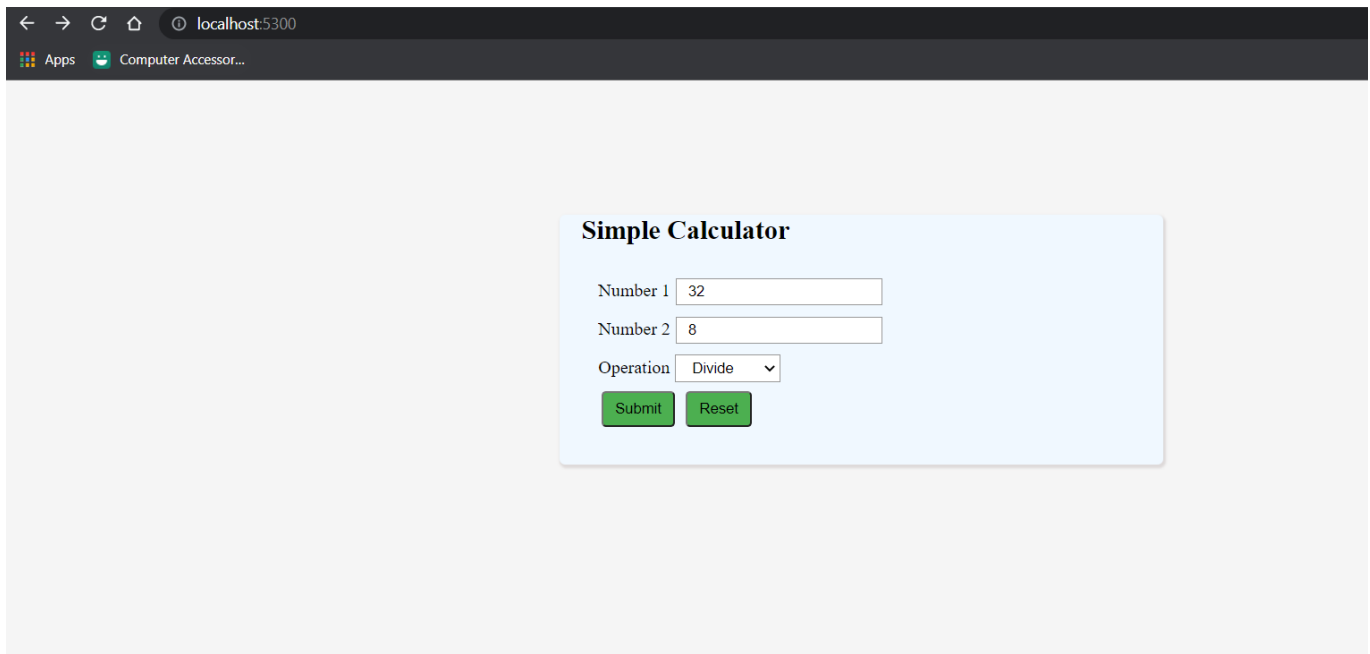

- Number 1:** An input field containing the value '3'.
- Number 2:** An input field containing the value '8'.
- Operation:** A dropdown menu with 'Multiply' selected.
- Buttons:** Two green buttons labeled 'Submit' and 'Reset'.

A screenshot of a web browser window showing the result of the calculation. The address bar displays 'localhost:5300/results?results=24'. The browser's taskbar at the bottom shows 'Apps' and 'Computer Accessor...'.

The answer is: 24

#### 4. Divide

A screenshot of a web browser window. The address bar shows 'localhost:5300'. The page contains a 'Simple Calculator' form with the following fields: 'Number 1' with value '32', 'Number 2' with value '8', and 'Operation' with a dropdown menu set to 'Divide'. There are 'Submit' and 'Reset' buttons at the bottom of the form.

Simple Calculator

Number 1

Number 2

Operation

A screenshot of a web browser window. The address bar shows 'localhost:5300/results?results=4'. The page displays the text 'The answer is: 4'.

The answer is: 4
